Dairy Queen AD Ops with 9442 Printer Prep & Discard Labeling

The AD Ops app optimizes your Dairy Queen restaurant operations by fully automating prepped menu item labeling. The app eliminates handwritten labels and manual shelf life calculations while automatically staying in sync with menu changes through our partnership with Dairy Queen Corporate.

About AD Ops

AD Ops is a mobile app that can be downloaded to any iOS or Android tablet.

The easy-to-use app automatically loads and keeps your prep labels up-to-date with your current Dairy Queen menu.

Simply tap and print to get professional labels, every time!

Features & Benefits

- Faster more accurate labeling operations
- Significant time/labor savings
- More organized and less stressful work environment
- Reduction of Food Waste
- Eliminates manual shelf life calculations
- Simple menu data updates automatically over your tablet's internet connection

Printer Options

Two configurations are available for Dairy Queen users of AD Ops.

Two Printers:
Only 2.2x3" and 2.2x10" labels are used. All 2.2x1.1" prep labels will instead print as 2.2x3" labels, eliminating the need for a third printer or label.

Three Printers:
Requires 2.2x1.1", 2.2x3", and 2.2x10" label sizes which are each loaded into a dedicated printer.

Harnessing the power of accurate, shared data throughout the food industry supply chain to enable labor efficiency, food safety, sustainability and enhance the consumer experience.
